Guiding Rage
into Power

HONORS

Celebrating Transformation

For more than a decade, the GRIP Training Institute has “guided rage into power”, creating pathways to healing and transformation both inside and outside prison walls. Our work has directly impacted the lives of thousands through our evidence-based approach to restorative justice.

Our mission is to create the personal and systemic change needed to turn violence and suffering into opportunities for healing and learning. We work with currently and formerly incarcerated people, their families, and survivors of violence to break cycles of harm and build futures of hope.

Over **1,500** students have graduated from GRIP

More than 850 GRIP graduates successfully released

Remarkable **98.8% success rate** (only 1.2% recidivism)

Active programs in **7 institutions** across California

Graduated the **first tribe in a women's prison** in January 2025

Join us on **October 2nd** as we honor and lift up leaders, warriors and advocates in the restorative justice space. This moving event will feature storytelling, live music, recognition of four outstanding awardees and opportunities to invest in more healing and redemption.
